

PIN THE NOSE ON RUDOLPH

What you will need:

- Brown paper/card for Rudolph's face
- Black, or dark brown card for Rudolph's horns
- Red paper for Rudolph's nose or pom poms
- Black felt-tip pen
- Blue-tac
- Material for a blind-fold

How to do it:

Step 1: Using the Rudolph face guide, trace around onto the brown paper/card. Similarly, trace around the Rudolph horns guide onto black/red/dark brown card and cut both shapes out carefully.

Step 2: Draw on Rudolph's features with the black felt tip pen also including a black cross for where the nose should go and attach Rudolph's head to a door or wall.

Step 3: Cut out a red circle for Rudolph's nose, fixing blue-tac to the back of it – your game is ready to play!

How to play the game:

Step 1: Taking in turns, blind-fold one of the children and guide them to Rudolph's face.

Step 2: Pass the child Rudolph's nose, spin them around on the spot 3 times and let them stick it to the face where they guess it should go.

Step 3: The child whose guess is closest to the black cross where the nose should go, wins!
