

Frankenstein's **MONSTERMASH** Make-Up Tutorial

STEP 1:

Find some light blue face paint and cover your face from the top of your hairline down to the bottom of your neck, including ears!

STEP 2:

Find some dark blue eye liner and line your entire eye from the inner corners to the outside on both sides.

STEP 3:

With some dark blue eye shadow, smudge the eyeliner around your eyes to make the line a little smokey.

STEP 4:

With the dark blue eyeliner, make vertical lines along your eyebrows line to mimic the appearance of stitches.

STEP 5:

From the left side of your temple to the right side, draw a horizontal line with the blue eyeliner. Then make vertical lines along that line to mimic stitches on your forehead.

STEP 6:

With some dark blue lipstick, fill in your lips for a Franken-pout worthy of Halloween!
