

Build a bridge that  
can support a small  
toy

Create a maze for a  
marble to roll  
through

Design a house with  
at least two rooms

Construct a vehicle  
that can roll

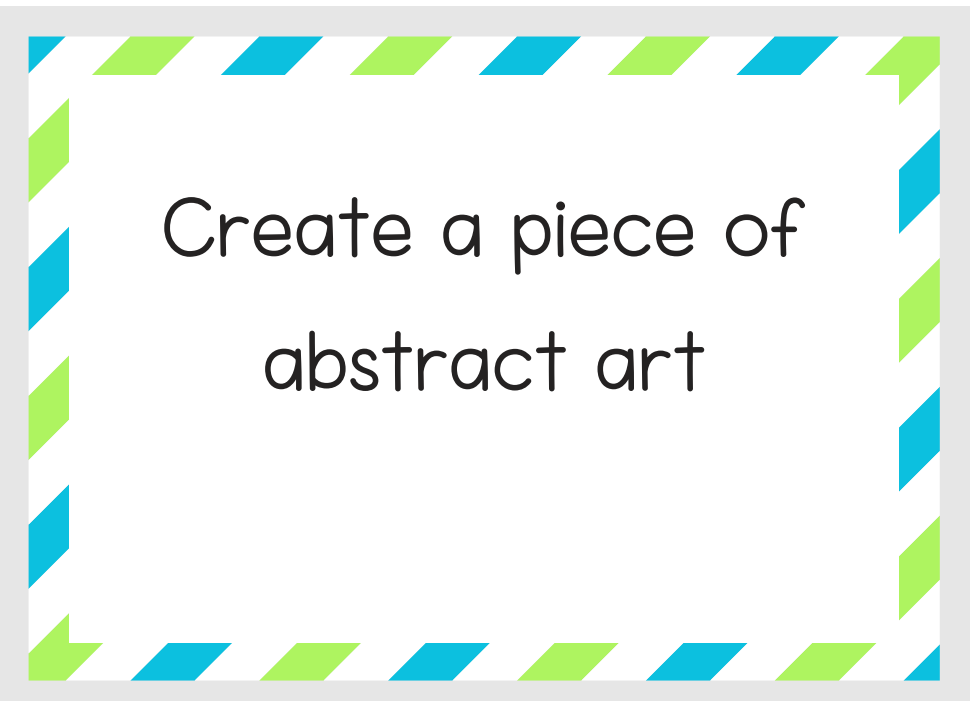

Assemble a sculpture  
inspired by your  
favorite animal

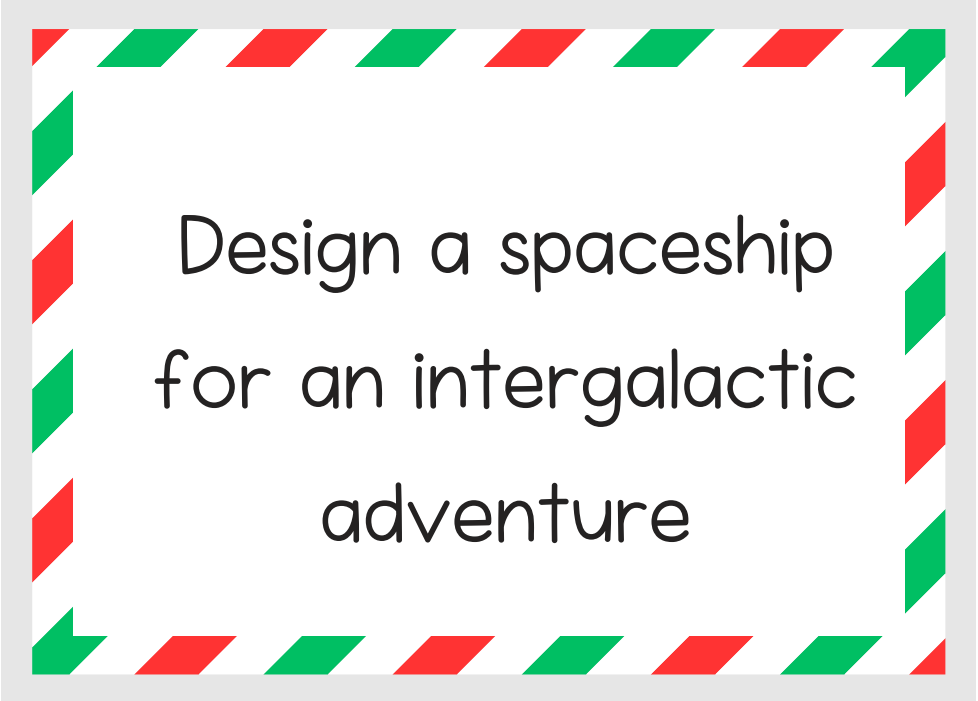

Make a castle with a  
drawbridge

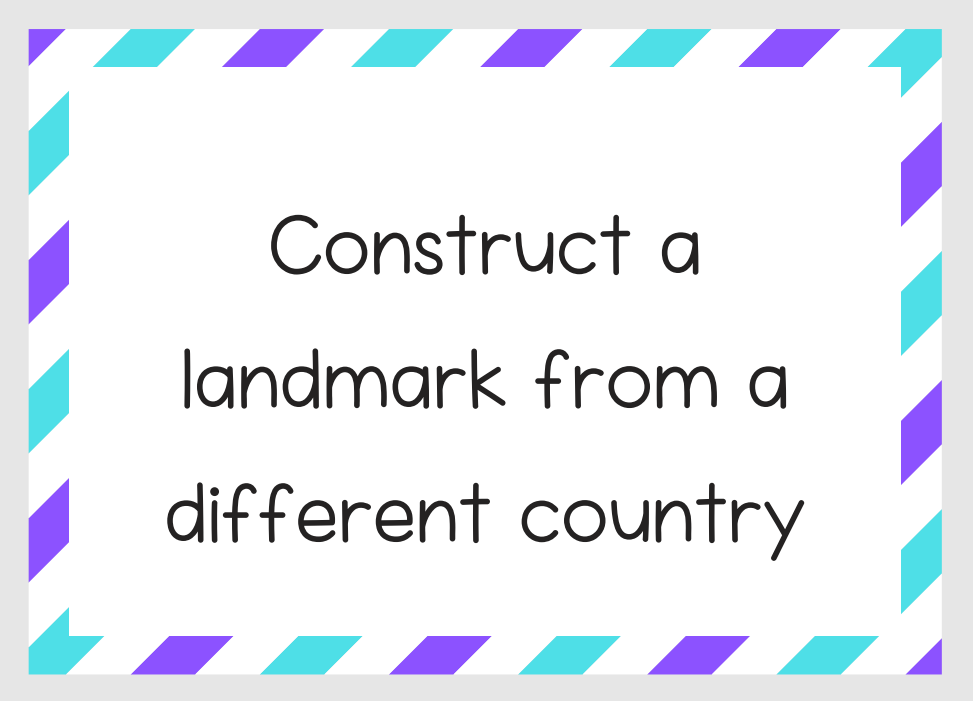

Develop a model of  
your dream  
playground

Create a piece of  
abstract art

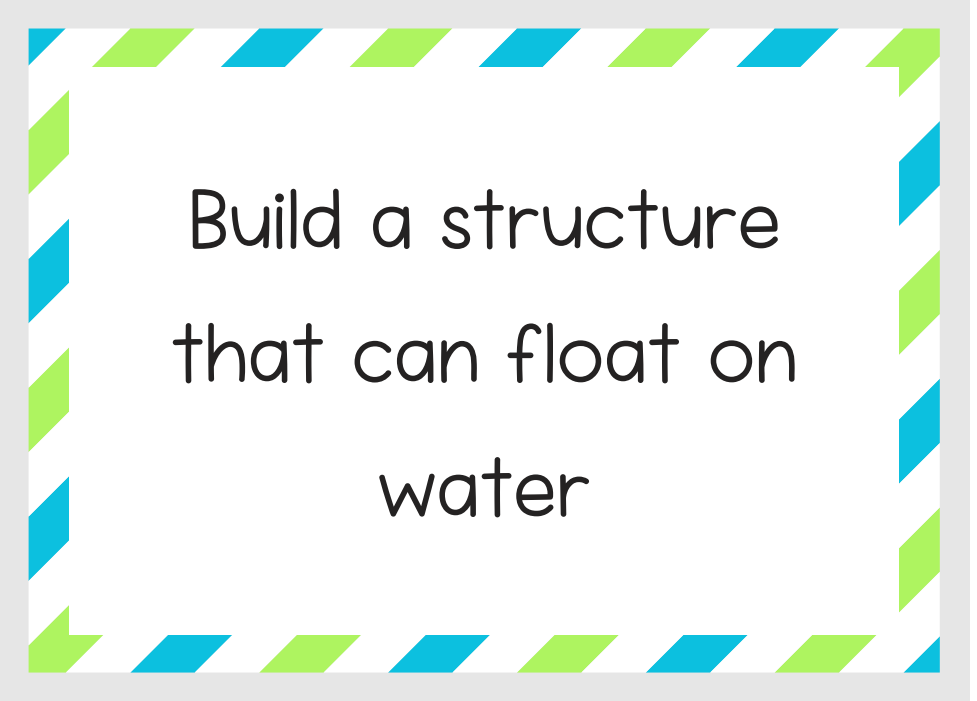

Design a spaceship  
for an intergalactic  
adventure

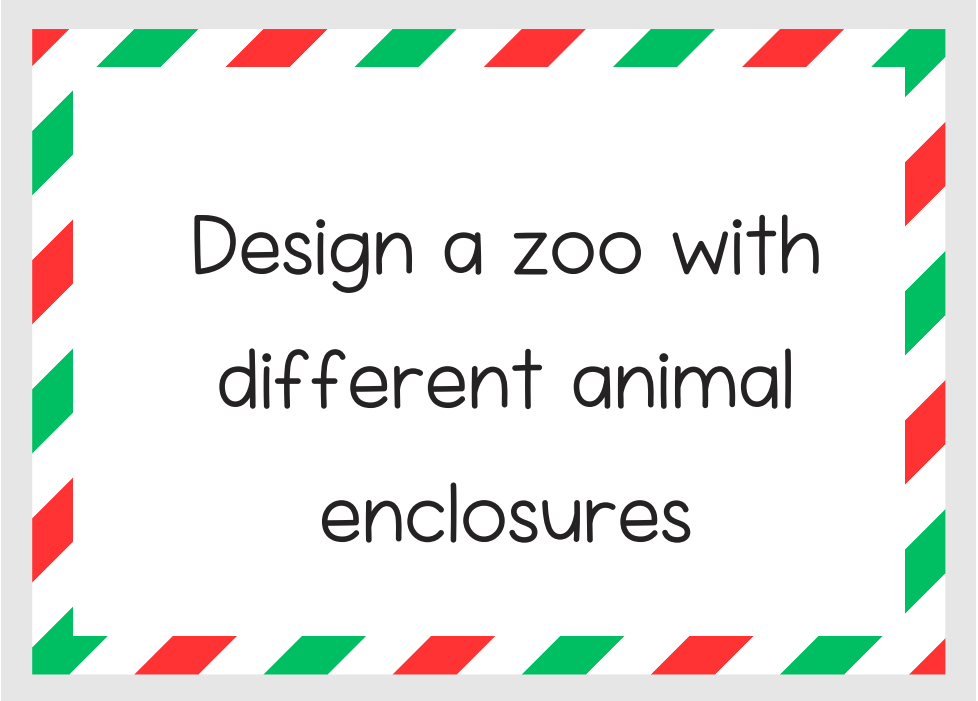

Construct a  
landmark from a  
different country

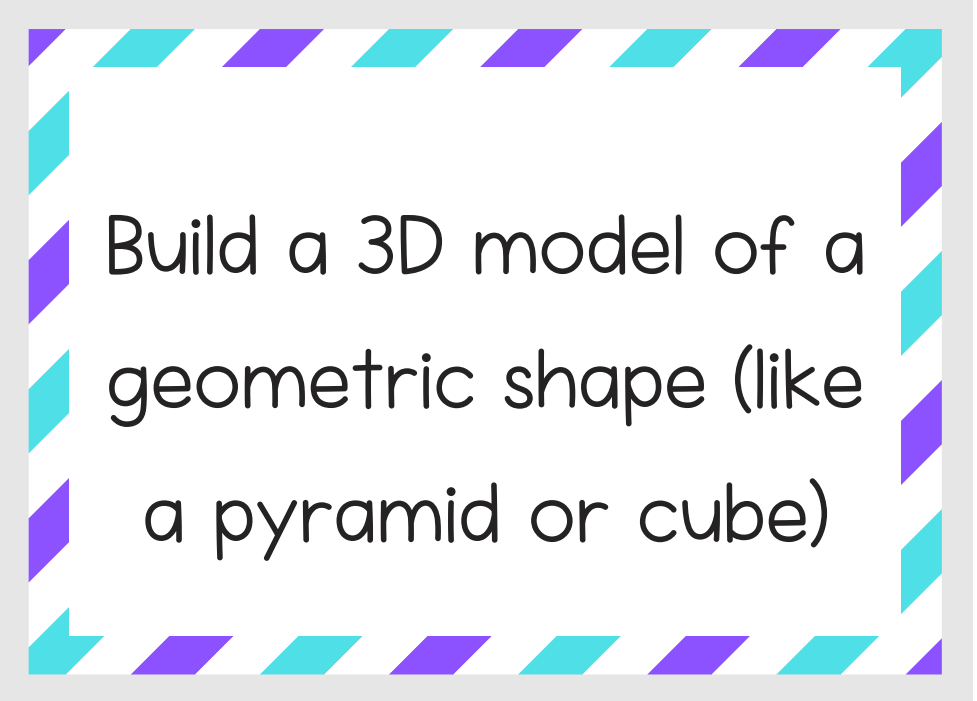

Build a tower taller  
than your favorite  
book

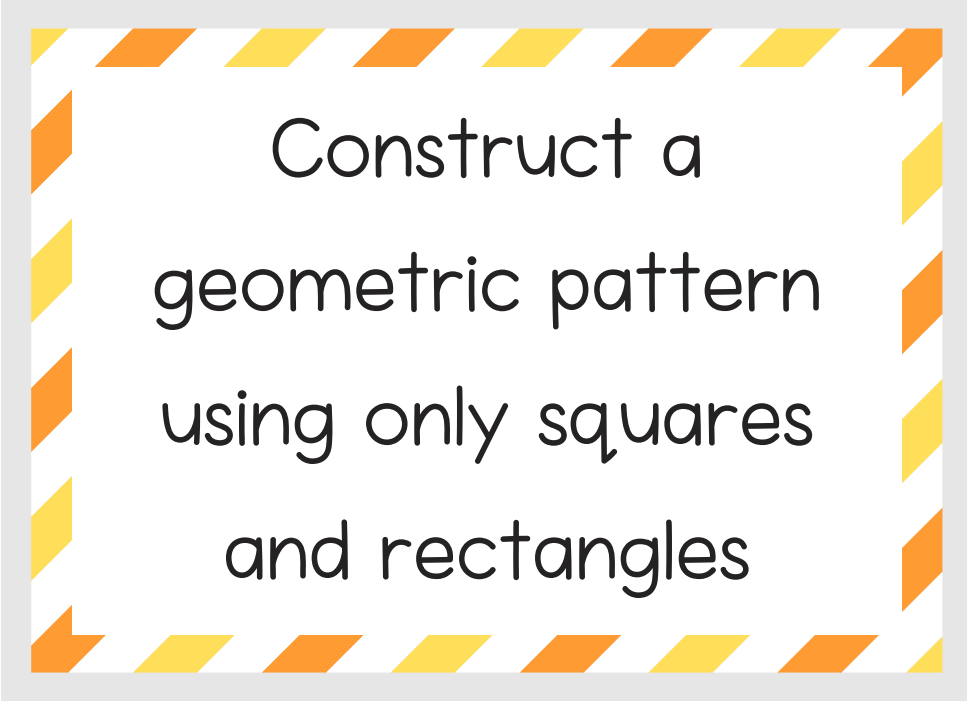

Build a structure  
that can float on  
water

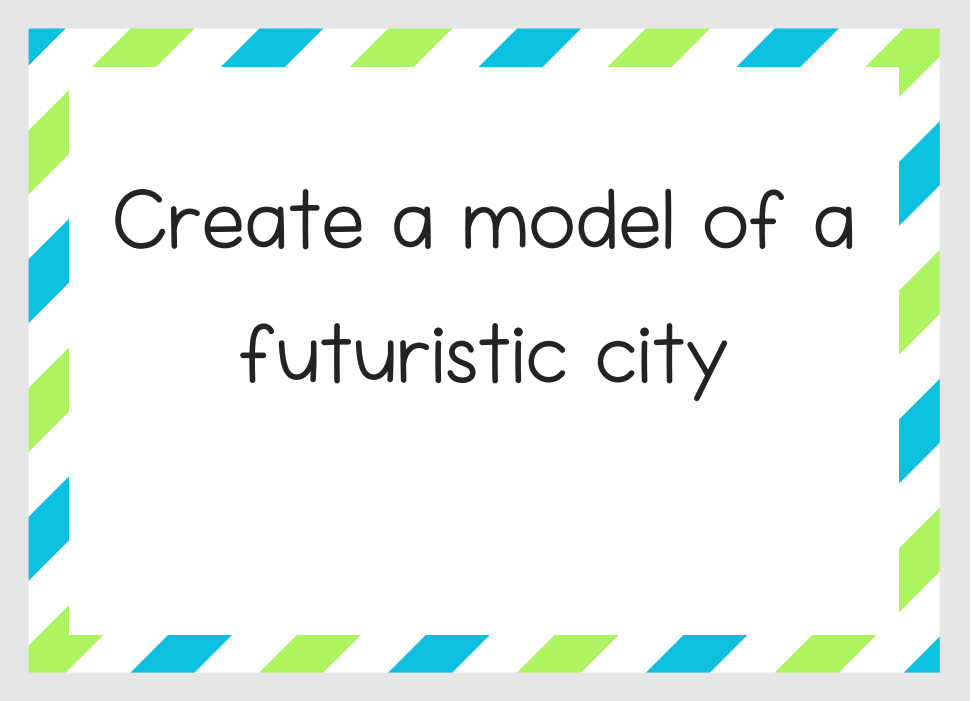

Design a zoo with  
different animal  
enclosures

Build a 3D model of a  
geometric shape (like  
a pyramid or cube)

Construct a  
geometric pattern  
using only squares  
and rectangles

Create a model of a  
futuristic city
