

Hi! I'm your very own Elf on the Shelf! I've come all the way from the North Pole to keep an eye on things and report back to Santa every night. Each morning, you'll find me in a new spot around your home. I might even get up to a little mischief, so keep an eye out! Here's the most important thing to remember:

Please don't touch me! My magic helps me fly back to the North Pole, and touching me could make it disappear. But don't worry - you can talk to me, tell me your wishes, and even write me notes!

Let's have lots of fun this holiday season. I can't wait to see all the good things you do!

Love,

Love,

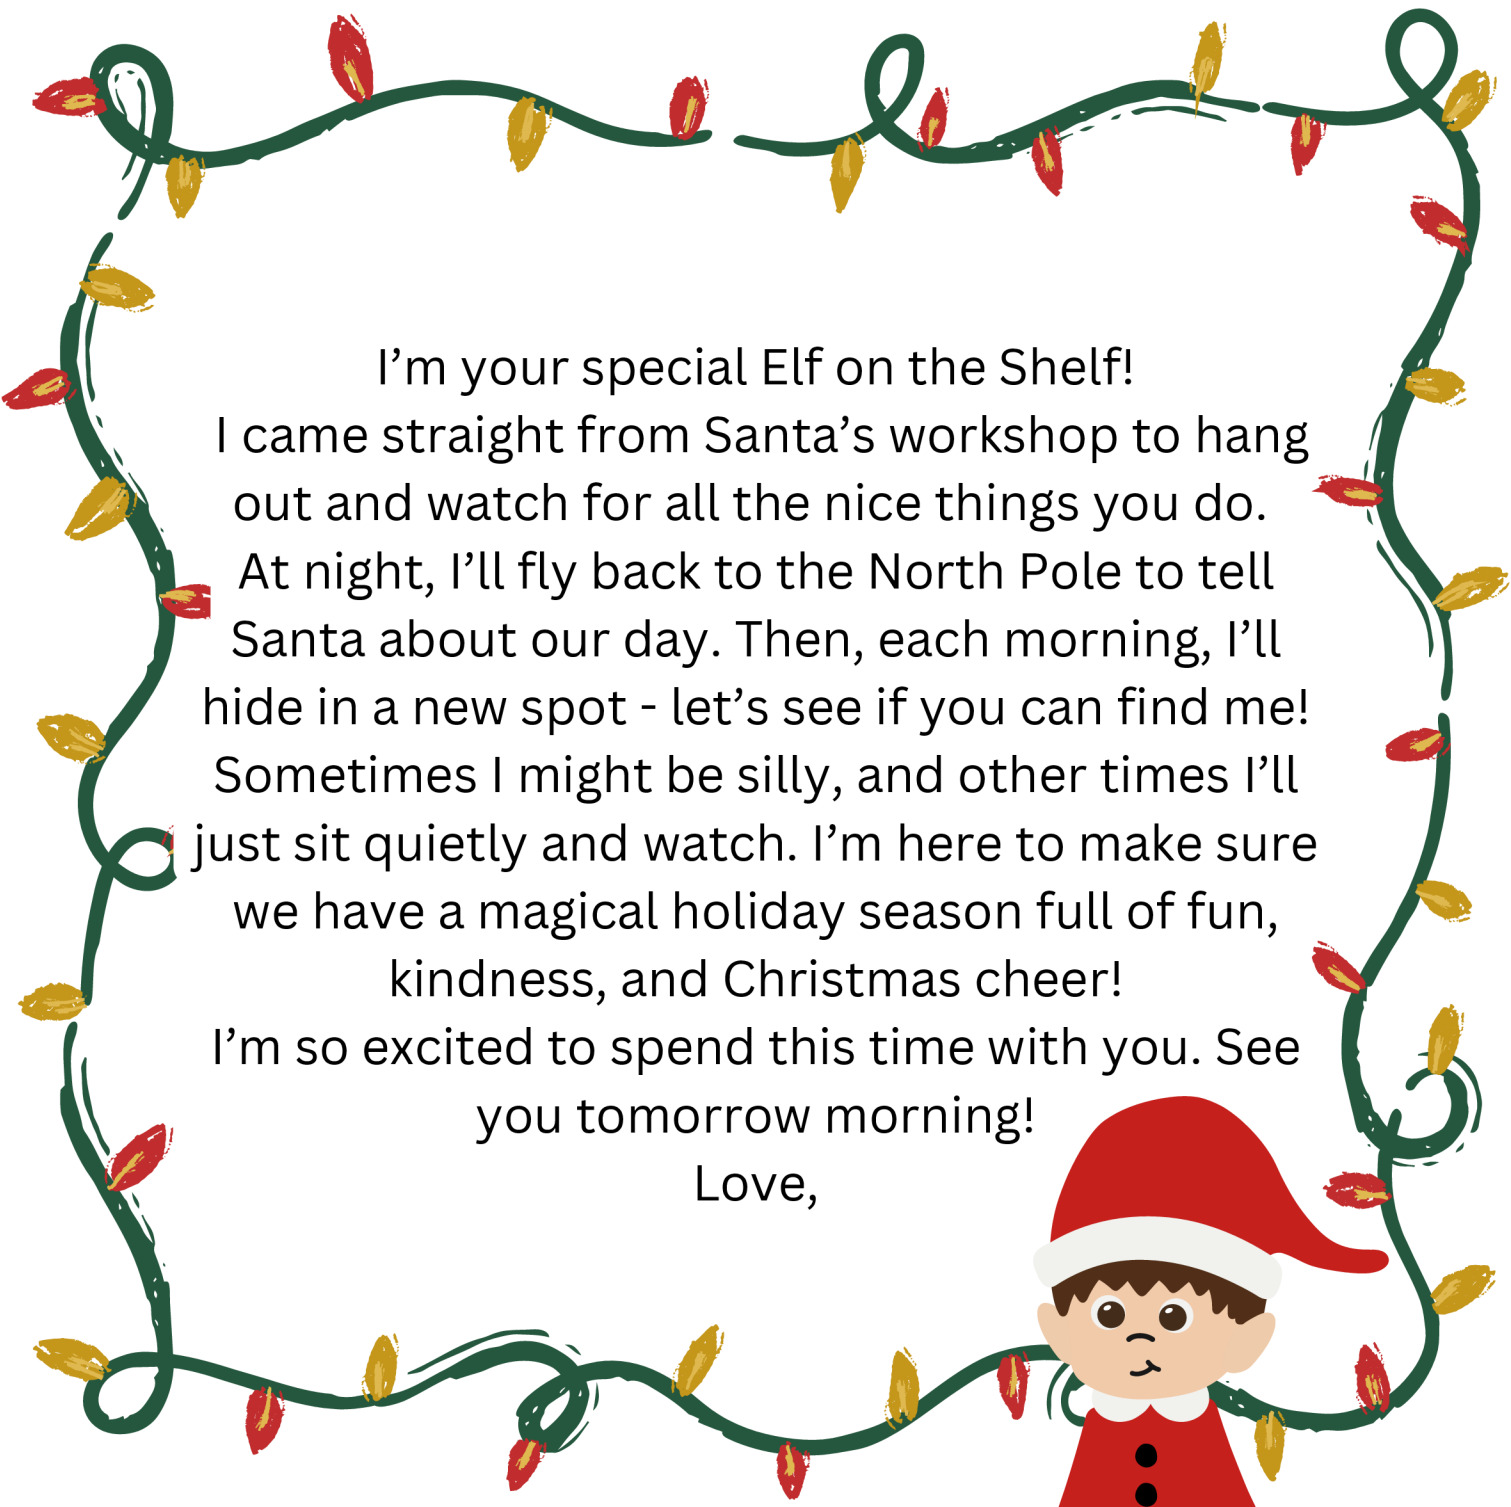

I'm your special Elf on the Shelf!
I came straight from Santa's
workshop to hang out and watch
for all the nice things you do.
At night, I'll fly back to the North
Pole to tell Santa about our day.
Then, each morning, I'll hide in a
new spot - let's see if you can find
me!

Sometimes I might be silly, and
other times I'll just sit quietly and
watch. I'm here to make sure we
have a magical holiday season full
of fun, kindness, and Christmas
cheer!

I'm so excited to spend this time
with you. See you tomorrow
morning!
