

You are unicorn-believable!

You make my heart sparkle!

I'm over the rainbow for you!

You're magical, Valentine!

I love you more than glitter!

Have a uni-tastic Valentine's Day!

You're one of a kind!

Valentine, you make me feel like a unicorn in a field of horses!

Love is
Magical!

Uni-corny but I love you!

I'm totally enchanted by you!

Follow your heart, it leads to me!

You're my sparkly Valentine!

Let's gallop into love!

Be my mane squeeze!

You're rare and magical!

I'm stuck on you like unicorn glitter!

You're the rainbow after my rain!

Valentine, you make my heart gallop!

Stay magical, Valentine!

Our love is pure magic!

You light up my sky like a rainbow!

Horn to be wild with you!

I'm head over hooves for you!
